

HIPAA Privacy & Security - Accessing Module and Course Enrollment

Following the steps outlined below you will learn how to access and navigate Baptist Health South Florida's Continuing Medical Education (CME) site, for the purposes of completing your HIPAA Privacy & Security Course. Within the CME site you will complete the online course required for you to obtain access to the Baptist Health EMR. This interactive course will give you a chance to become familiar with how and when to access, use and disclose PHI and how you can safeguard and protect patient information to prevent unauthorized access, use and disclosure. Follow the steps below to get started.

This course is required in order for physician office staff, scribes and other non-BHSF employees to obtain access to BHSF clinical systems. A certificate of completion should be submitted to the Physician Allied Health Liaison (PAHL) team, along with a copy of the signed Safeguards form. Bethesda Office Staff members should submit their certificate to the Bethesda IT department.

How to obtain your certificate?

1. Log-in
2. Click on the tab, **My Activities**.

The screenshot shows the Baptist Health South Florida Continuing Medical Education website. At the top, there is a search bar with the text "Find a course..." and a magnifying glass icon. Below the search bar are social media icons for Facebook, Twitter, LinkedIn, and a share icon. The main navigation menu includes links for HOME, CALENDAR, CATALOGS, SYMPOSIUMS, MY ACCOUNT, CONTACT US, FAQs, and DONATE. Below the navigation menu, the "MY ACCOUNT" section is displayed, with a sub-menu containing VIEW, EDIT, ASSIGN CREDITS, BOOKMARKS, COURSE CREDIT LOG, DELETED CREDIT, MY ACTIVITIES, ORDERS, and COMMITMENTS. The "MY ACTIVITIES" link is circled in red. At the bottom of the page, there is a yellow warning banner that reads: "It's time for a security check. Please review your administrative users and disable any unused accounts."

3. Select “Completed Activities” tab; on far right, you will find certificate column for PDF “Download”.
