

# Miami Beach Floor Plan

## FIRST FLOOR

### BAPTIST HEALTH DIAGNOSTIC CENTER

We offer easy scheduling and provide most test results within 24 hours. We even take prescriptions from our competitors and will handle the preauthorization with your insurance company. Our Board-certified radiologists and highly skilled technologists will ensure that your visit is as pleasant as possible. Diagnostic services include CT, MRI, X-ray, 3-D mammography, ultrasound, echocardiography, bone density scan, EKG, vascular ultrasound and laboratory services.

### BAPTIST HEALTH ENDOSCOPY CENTER

Our surgical facility provides diagnostic and therapeutic gastrointestinal procedures in a comfortable and convenient outpatient setting. Best of all, because of advances in technology, endoscopic procedures can be safely performed outside the hospital, so you can return to the comfort of your home the same day as your procedure.

## THIRD FLOOR

### MIAMI ORTHOPEDICS & SPORTS MEDICINE INSTITUTE PHYSICAL THERAPY

Our staff of highly skilled and caring professionals provide physical as well as hand therapy in state-of-the-art treatment centers for a wide range of orthopedic and sports medicine injuries. Our goal is to build strength, restore function, improve lifestyle and get patients back to doing the things they love. The Institute provides sports medicine services for the Miami HEAT, Miami Dolphins, Florida Panthers and Miami Open.

## FOURTH FLOOR

### BAPTIST HEALTH PRIMARY CARE

Primary care focuses on improving health and wellness through preventive, proactive medical care. From the moment you enter Baptist Health Primary Care, you partner with caring medical professionals who provide consistent, comprehensive care for all stages of your life. The team includes a primary care doctor, advanced nurse practitioner, registered dietitian and social worker to provide services and support for patients and families. We also offer same-day appointments.

### BAPTIST HEALTH URGENT CARE

When you need treatment for non-life-threatening conditions, such as fever, flu symptoms and minor injuries, Baptist Health Urgent Care, open daily 11 a.m.-11 p.m., is ready to provide high-quality care for adults and children. No appointment is necessary, but you can call ahead to reserve your spot. Most insurance plans are accepted.

### COMMUNITY HUB

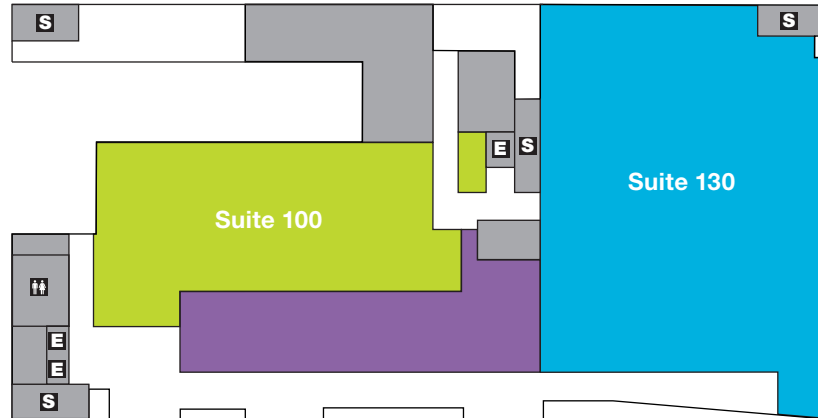

A healthy gathering place for Miami Beach residents and community partners to participate in free wellness activities including yoga, Zumba, conversations with doctors and dietitians and more.
