

Measure your risk of heart disease with a \$99 cardiac calcium scoring.

Miami Cardiac & Vascular Institute at Baptist Health South Florida is ready to help you take charge of your heart health with a \$99 cardiac calcium scoring, a quick, painless and noninvasive CT scan to measure calcium buildup in your artery walls.

Baptist Health's diagnostic imaging centers are equipped with the most advanced digital technology and staffed with Board-certified radiologists. And we offer same- or next-day appointments.

Miami Cardiac & Vascular Institute services are available at Baptist Health outpatient diagnostic facilities throughout Miami-Dade and Broward counties.

You are a candidate* for cardiac calcium scoring if you are 40-65 years old and have any of the following risk factors:

- Smoking
- Family history of heart disease
- Obesity
- High cholesterol, high blood pressure or diabetes

Offer available through January 31, 2018. A doctor's prescription and appointment are required.

*Those with chest pain, known heart disease, previous angioplasty/stent or heart surgery are not good candidates and do not qualify for this test.

For your convenience, your doctor may complete the following order form. Please bring this form with you on the date of your test.

Order for CT Cardiac Calcium Scoring

Reason for Test:

Patient Name (please print):

Physician Name (please print):

Physician Signature:

Physician Phone Number:

Note to physician: We will gladly review these results with your patient and send you a copy of the report for your records.
