Continuing Education Courses

Conferences and Symposia Approved for
Continuing Medical Education (CME) and Continuing Education (CE) Credits for
Doctors, Nurses and Allied Healthcare Professionals

Baptist Health South Florida
Continuing Medical Education
BaptistHealth.net/CME
Baptist Health offers more than 1,600 hours of continuing education (CME/CE) through our nationally accredited Continuing Medical Education program. Every year nearly 300 CME/CE courses attract 15,000 doctors, nurses and allied health professionals from our local, regional, national and international communities.

All courses are approved for AMA PRA Category 1 Credits™. Most are also approved for continuing education credit in psychology, nursing and several of the allied healthcare disciplines, depending on the topics. A growing number of courses are approved for continuing dental and/or podiatric education credit.

The majority of our 20 annual symposiums are held at hotels and resorts throughout Greater Miami and the Beaches or on Florida’s West Coast. Conferences presented weekly, monthly, quarterly and annually include regularly scheduled conference series, grand rounds, tumor boards and live webcasts. There are no charges for attending these on-campus conferences.

Details on upcoming conferences and symposiums are provided at BaptistHealth.net/CME, where you can also register for courses and access your CME transcripts. For assistance, please contact the Baptist Health Continuing Medical Education Department at CME@BaptistHealth.net or 786-596-2398.
Online CME. No Wait. No Drive.
Visit Our CME Internet Courses and Archives Page at CMEOnlineCourses.BaptistHealth.net.

Baptist Health’s new and growing online library of CME courses is just a few clicks away at CMEOnlineCourses.BaptistHealth.net. Here you will find a selection of recorded lectures, all available to view at your convenience. Courses feature high-profile speakers, the latest protocols and procedures, information-packed conferences and more. New courses are added throughout the year, so please continue to review offerings. There is no charge for online courses.

Current online course topics include:
- Blood Conservation
- Cardiology
- Institutional Review Board Protocols
- Neuroscience
- Obstetrics and Gynecology
- Palliative Care
- Physician Impairment
- Relicensure Requirements:
