FAQs

Why should you use the Baptist Health Pressel MammoVan?

- Annual screening mammograms are covered for patients ages 40 and over
- Screenings will be billed to patient's insurance company
- Financial assistance for those who qualify
- Patients under 40 are responsible for obtaining a prescription and verifying insurance coverage prior to making appointment

Who should get screened?

- The MammoVan provides screening mammography for women who are not experiencing any symptoms

Do I need a prescription?

- We recommend you get a prescription, but we don't require it
- Your insurance company may require a prescription, so we recommend checking with them first

Do you need my past mammogram?

- Please bring any previous mammogram images and reports to your appointment
- It is important for the radiologist to compare your prior images and reports with your current images and determine any changes or abnormalities in your breast tissue
- If you can't get prior images, please complete the Medical Release Form and fax it to 561-955-2679 Attention MammoVan

How much will my mammogram cost me?

- Most insurance plans cover the full cost of screening mammograms
- Please check with your insurance provider beforehand, as some require a prescription

What should I wear?

- We recommend wearing a two-piece outfit (not a dress or jumpsuit), as you'll need to remove your top
- Please do not wear deodorant or powder on the day of your appointment as it may affect image quality

What should I bring the day of my screening?

Please bring the following items on the day of your mammogram:

- ID card
- Insurance card
- Mammogram prescription (if you have one)
- Prior breast imaging and reports (if you have them)

If you have any additional questions, please call 561-955-6284.
